

PORTABLE SSD

HIGH-PERFORMANCE EXTERNAL SSD
Data Sheet

Have the Luxury of Less Time.

60 seconds or less — how might you spend the rest of your day if that's all it takes to back up high-res photos and footage? Would you create more? With speeds up to 540 MB/s², compatibility across Mac, Windows, USB 3.0, and USB-C¹, and a slim design for life on the go, LaCie[®] Portable SSD respects your precious time.

External SSD. Inherent Utility.

If speed were everything, we would have stopped there. But we know that capacity matters to you. And so does form factor. That's why every gigabyte of space, every curve and angle, fuses together to form a tool that's minimalist in style, overflowing in potential.

- 2 TB fits 65hrs of 4K 30fps compressed footage, 20K RAW images, or 200K JPEGs.
- Drop resistance up to 2 metres helps protect files during transport.³
- Lighter than a deck of cards. Slim enough to fit in your pocket.

Includes Rescue Data Recovery Services⁴.

¹ Sold separately. For optimal performance, connect to USB 3.2 Gen2 or Thunderbolt™ 3 computers.

² Actual data rates may vary depending on operating environment and other factors, such as chosen interface and disk capacity.

³ In non-operating mode

⁴ Not available in all countries
